more for your money

Bigger and better benefits make Business Broadband stand out from the rest.

Email and web

100 email addresses and up to 250MB of web space will get your company up and running. Or get your own company web address and professional email addressing for only £4 more per month (see our Domain Services leaflet for more details).

IP addresses

Multiple static IP addresses are available FREE of charge for virtual private networking your remote workers or hosting your own exchange.

Security

Our easy-to-use security features protect your business against legal liability and time consuming deletion of inappropriate emails in the workplace, as well as potentially disastrous email viruses.

Free upgrades

Upgrade your broadband instantly online, as your business needs change.
